

Safe deposit lockers SLK series

Widest range of standard safe deposit lockers

- Two safety deposit locker models SLK-70 and SLK-90
- Three standard widths are available in both models
- Wide selection of standard locker heights
- Available with mechanical keylocks or electronic locking

Flexible customer specific solutions

- Special locker and column sizes
- Special colours and finishing

Quality and security

- Manufactured in accordance with ISO 9001:2015 in Helsinki, Finland
- SLK-90 Safety Deposit Lockers tested by Bankers Association

Electronic locking

- All doors supplied with an electronic lock and a mechanical Abloy Sentry keylock
- Operation of the lockers either by self-service mode or by traditional bank assisted opening
- Identification with PIN, ID cards or biometric readers
- Deposit management with audit trail

Electronic deposit system advantages

- All safety deposit boxes are equipped with one keylock and one electronic lock
- Opening of the electronic lock by the bank operator or by the customer in self service system
- Opening of the keylock by customer's personal key
- Proximity card, personal pin code or biometric identification options
- Unique biometric identification requires both the registered customer and the key for opening the safety deposit box
- Safety deposit boxes and entrance to the safety deposit room can be operated by the bank operator or alternatively as a self service system
- In self service system bank operators are not needed for opening the doors or opening the electronic locks of the safety deposit boxes
- Only one customer allowed to enter the safety deposit room at once
- Comprehensive reporting including safety deposit box renting status, useractivities and system information
