PS-120A

Fire protection cabinets

PS-series

Multi-purpose fireproof cabinet for archiving and temporary storage for offices, pharmacies, hospitals, warehouses and various store premises. The structures of the PS-series products (PS-120, PS-160 and PS-200) meet the requirements of the standard SFS 4399 (explosive protection - structure and equipment of storage shelters in store warehouses).

- Wear-resistant surface treatment
- Color light gray (RAL 7035)
- Key lock with two keys approved for safes (EN 1300)
- Pull-out hanging file racks (optional)
- Two anchoring holes in the cabinet floor (bolts are not included)
- three-way bolt work
